OBJECTIVE

Desired Position: Junior frontend developer

SUMMARY OF QUALIFICATION

I`m at the start phase of my career as a web developer. Right now my current stuck of technologies is HTML, CSS, Sass, JS, React, Redux, React Router. Have basic knowledge in Vue and Vue ecosystem.

I strive for growth in web development. I want to grow exponentially, learn new technologies and put them into practice. I am keen on to gain more experience in the field. For this reason, I am looking for a company willing to offer me a placement among their developers. In return, I would offer my full commitment, and be a pleasant and friendly addition to your team.

I am therefore currently looking for a job or an internship as a front-end developer.
